

Technical data

Stroke rate	1 500 - 3 800 min ⁻¹
Power consumption	550 W
Weight	1.9 kg
Pendulum cover adjustment in stages	4
Cutting depth in wood	120 mm
Cutting depth in NF metals	20 mm
Cutting depth in steel (soft)	10 mm

Noise and vibration values

Sawing chipboard: Total vibration average, Ah	6 m/s ²
Sawing chipboard: Standards series EN 60745	
Sawing chipboard: Uncertainty (noise) K	3 dB
Sawing chipboard: Uncertainty (vibration) K	2 m/s ²
A-weighted sound pressure level, LpA	88 dB(A)
Sawing chipboard: A-weighted sound power level, LWA	99 dB(A)
