

Technical data

Stroke rate	1 000 - 2 900 min ⁻¹
Power consumption	720 W
Weight	2.4 kg
Pendulum cover adjustment in stages	4
Cutting depth in wood	120 mm
Cutting depth in NF metals	20 mm
Cutting depth in steel (soft)	10 mm
Inclination	0 - 45 °

Noise and vibration values

Sawing chipboard: Total vibration average, Ah	4.5 m/s ²
Sawing chipboard: Standards series EN 60745	
Sawing chipboard: Uncertainty (noise) K	3 dB
Sawing chipboard: Uncertainty (vibration) K	2 m/s ²
A-weighted sound pressure level, LpA	83 dB(A)
Sawing chipboard: A-weighted sound power level, LWA	94 dB(A)
