

Performance features

Antistatic function

Mobile dust extractors and tools with the antistatic function to prevent static charge from accumulating when working.

MMC Multi Material Control electronics

"Multi Material Control" power electronics with constant adjustable speed and temperature monitor for work on all types of material.

Splinter guard

Patented splinterguard for splinter-free cuts on both sides when sawing.

FastFix

Makes changing routing, sawing, planing, sanding, drilling and screwdriving tools easier.

Guide system

Patented guide system for safe guidance of saws and router bits.

CLEANTEC

Integrated bayonet fitting as the connecting element between the extractor and the tool.

Lithium-ion battery

Fitted with high-performance lithium ion battery pack.

EC-TEC motor

The EC-TEC drive concept generates an extraordinary amount of power while consuming extremely low amounts of energy.

Quick-acting brake

For safe work when planing, sawing and routing.

AIRSTREAM

Faster reuse of battery packs thanks to AIRSTREAM technology (cooling function for faster availability) and significantly increased charging capacity

Bluetooth®

Bluetooth® communication between battery pack and extractor.
