

Performance features

Lithium-ion battery

Fitted with high-performance lithium ion battery pack.

EC-TEC motor

The EC-TEC drive concept generates an extraordinary amount of power while consuming extremely low amounts of energy.

MMC digital electronics

Processor controlled "Multi Material Control" power electronics provide adjustable and constant speeds as well as temperature monitoring for work on all types of material.

Electronic overload protection

Protects the motor with blocking tool.

Quick-acting brake

For safe work when planing, sawing and routing.

Electronic monitoring of the winding temperature

Electronic monitoring of the coil temperature protects against damage to the motor.
