

# Performance features

## Lithium-ion battery

Fitted with high-performance lithium ion battery pack.

## EC-TEC motor

The EC-TEC drive concept generates an extraordinary amount of power while consuming extremely low amounts of energy.

## MMC digital electronics

Processor controlled "Multi Material Control" power electronics provide adjustable and constant speeds as well as temperature monitoring for work on all types of material.

## Electronic overload protection

Protects the motor with blocking tool.

## Quick-acting brake

For safe work when planing, sawing and routing.

## Electronic monitoring of the winding temperature

Electronic monitoring of the coil temperature protects against damage to the motor.

## CLEANTEC

Integrated bayonet fitting as the connecting element between the extractor and the tool.
